

## DEPARTMENT OF Computer Science Engineering

### VISION & MISSION

#### VISION

To educate and inspire students to become proficient technocrats and innovative problem solvers in the domain of computing. We aim to equip our graduates with the knowledge, skills, and ethical framework necessary to succeed in diverse careers and contribute meaningfully to society.

#### MISSION

- To nurture the students in computer science education and research, known for creativity, critical thinking and ethical learners.
- To impart the ability for tackling simple to complex problems individually as well as in a team.
- To develop students with leadership qualities to be entrepreneurs and contribute their services to society.
